

Beaver State Corvette Club Minutes 11-12-2019

There were no guests and no new members.

There was one new member's car. Terry Thompson has acquired a 2004 Torch Red Coupe. It is an automatic with 39,000 miles.

Four members were missing their name tags (the Zimmermans and the Wendels) and paid their \$1 fine.

Birthdays for November are John Zimmerman, Roger Maurier and Bob Gunderman. Since there will be no regular meeting in December those birthdays were also announced. They are John Williams, Pat Melius, Winston Theriot, Mary Hobson, Dave Kuntz and Norm Oswald.

Treasurer's report: No income and no expenses reported. Balance remains at \$2,105.86. All bank statements have been reconciled.

Past event: The Veteran's Day Parade: We had 12 cars participate. We were entry number 60 this year so got a much earlier start thanks to JoRae Perkins getting us entered earlier. The weather was perfect and no car troubles were reported. Several of the group went to Jefferson Station for lunch afterwards. Tom Cordier relayed his experience the past two years with picking a veteran out of the crowd to ride in his car. He reported that they seemed very appreciative.

Nominations for next years officers were reopened. At this time Carolyn Kidd has agreed to serve as treasurer, Terry Thompson has agreed to serve as secretary, Al Penna has agreed to serve as vice president and Gene Kidd has agreed to serve as president. Ray Roske was nominated previously for president. It is unknown whether or not he wants to serve. If so, there will be an election between he and Gene. Otherwise the slate of officers for next year is set.

There was an extended discussion about the holiday party. A proposal to hold the party at Loafers was deemed too expensive. Other alternatives were discussed including at the Thompson's shop and at the Dave Kuntz' skating rink. JoRae made a motion for a pot luck at the skating rink that was seconded by Jeff Albright. Carolyn made a motion to have the party at the Thompson's that was also seconded by Jeff Albright. Both motions were voted on with the final decision to have the party at the skating rink. After further discussion, Dave said he would supply barbequed steaks and baked potatoes with a suggested small donation by those attending. Other members will bring pot luck items. Those whose names start with A-M are to bring salads and those whose names start with N-Z will bring desserts. (This may change and if it does the party committee will let everyone know. There will be an ornament exchange, so please bring an ornament to swap. The skate rink is located at 725 Montgomery St. in Albany. No starting time was decided upon.

Clyde Carr brought a Corvette 50th Anniversary book to the meeting that he offered to anyone owning an anniversary edition car. The Kidds claimed the book.

Terry offered up a dash mat for a C-5 to anyone interested. There were no takers.

Pat Melius had acquired about 10 Beaver State Corvette Club car flags from a Stitch in Time. They were all sold to members for \$5 apiece with the proceeds to be donated to the club.

Pat brought up the annual achievement award for a club member. This was started last year and JoRae was the initial winner. The award is for someone who has supported, organized or led activities for the club during this calendar year and should not be a club officer. Email your nomination to Pat by the end of the month. The member with the most votes will win. The winner will be announced at the holiday party.

Pat has made an initial attempt to contact the Heritage Mall about our show in March. He will follow up with them.

There were no items for tech time.

John and Vera Zimmerman won the 50/50 drawing worth \$35.

John and Vera Zimmerman also won the attendance drawing worth \$50. The attendance drawing will go back to \$10 for the next meeting.

Meeting was adjourned.
